

RIMROCK RATTLER

**Rimrock Meadows
Douglas County, Washington**

**October
2019**

Autumn Greetings!

“Knock on wood” we skidded by this summer with no major fires on Rimrock or around us. One truck fire on Memorial weekend that was caused by rodents chewing the wires in the dashboard. FYI check your vehicles or motorhomes if you left them here for an extended length of time.

The burn ban is being lifted by the county October 1st. Please let us know if you intend to have a fire on your lot and take precautions to prevent the fire from spreading. Please remember that cheat grass burns faster than you think.

We have been getting some rain and the temperatures are in the mid to upper 60’s with the lows being in the 30’s to low 40’s. So be thinking about winter and winterizing your rigs.

For those of you that do not know, we offer RV storage in the campground from October 1 through March 31. You can leave them plugged in keep them warm. If you already have RV Storage it is \$30/month otherwise it is \$40/month.

Dates to Remember

- * Oct 1 - Campground Winter Storage Begins.
- * October 24 - Campground Water and Showers are Turned Off
- * January 6 - Approx. Date Dues Statements are Mailed Out

Things to Remember

1. If you have not winterized your trailer, do it soon. The freeze is coming!
2. The Annual Meeting will be in March and again in Ephrata. It was a great success last March.
3. Remember, we only plow to full-time residents in county code approved homes.
4. As we often say, if you plan a visit here in the winter and early spring it is best to contact the office first to check on current conditions.

The new Covenant amendment (180 day rule) goes into effect this winter. Please note this was voted on at the last Annual Mtg and passed by 92%. From Nov 1 through March 31 there is an application form to be filled out if you plan on staying on your lot longer than 9 days in any 30 day period during this time frame. This is for safety and sanitation purposes.

1. We have a mini store in the clubhouse, opening was Labor Day Weekend. Its filled with most of your camping needs and little odds and ends as well as ice cream bars and microwave items. The hours will be the same as the office hours for now. Come check it out.

Manager's Message

My little family and I would like to express our happiness as I take this new GM position. We have moved up to the managers house and are almost done unpacking. How people continue to move is beyond me.

Having been your Assistant Manager/ Caretaker for 10 years, it has been an amazing experience, but we can only go up from here. I've started online college classes to further my experience in management and I promise to continue to grow into what Rimrock deserves as GM.

We will continue to fix the road infrastructure and fight those darn weeds down. But this will be a long battle so I ask for your patience as my brother Ivan and I continue to work.

Sincere thank you,
Jose
